

Daily Scrum Meeting Minutes 7 (Sprint 3)

Attendees: Alejandro Perez, Ahanaf Akif, Josue Gamon Fortes, Allen Cruz

Start time: 4:58 PM

End time: 5:23 PM

Alejandro Perez

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Continued refining architecture documentation and reviewed how current planning artifacts align with the implementation roadmap discussed during Sprint 3. Also reviewed several backlog items to ensure they remain aligned with the MVP scope.
- What is planned to be done until the next scrum meeting?
 - Continue refining architecture planning and review how system diagrams, workflow diagrams, and component documentation can be better integrated.
- What are the hurdles?
 - Still evaluating the best way to connect various planning artifacts while avoiding unnecessary complexity.

Ahanaf Akif

- How many hours did I work since the last meeting?
 - 2 hours

- What was done since the last scrum meeting?
 - Continued reviewing database planning documentation and discussed possible adjustments to support future reporting and analytics features.
- What is planned to be done until the next scrum meeting?
 - Continue refining database planning artifacts and review how future feature requirements may impact the current data model.
- What are the hurdles?
 - Still evaluating how future expansion features can be supported without significantly increasing database complexity.

Josue Gamon Fortes

- How many hours did I work since the last meeting?
 - 1.5 hours
- What was done since the last scrum meeting?
 - Continued refining wireframes and reviewed navigation consistency across dashboard, workout tracking, nutrition tracking, and profile pages.
- What is planned to be done until the next scrum meeting?
 - Continue improving wireframes and review user flow scenarios related to progress tracking and goal management.
- What are the hurdles?
 - Trying to maintain a consistent design language across all planned pages while supporting future feature growth.

Allen Cruz

- How many hours did I work since the last meeting?
 - 1.5 hours

- What was done since the last scrum meeting?
 - Continued reviewing component planning documentation and discussed how planned application modules will interact within the overall architecture.

- What is planned to be done until the next scrum meeting?
 - Continue organizing component documentation and review how future development activities can be mapped to existing planning artifacts.

- What are the hurdles?
 - Still determining how detailed component planning documentation should be before future implementation planning begins.
