

Daily Scrum Meeting Minutes 6

Attendees: Alejandro Perez, Ahanaf Akif, Josue Gamon Fortes, Allen Cruz

Start time: 4:58 PM

End time: 5:24 PM

Alejandro Perez

How many hours did I work since the last meeting?

- 2 hours

What was done since the last scrum meeting?

- Reviewed and refined several backlog items with the team after the backlog grooming meeting. Also continued discussing possible system architecture diagrams and how the frontend, backend, and database structure should be represented in future documentation.

What is planned to be done until the next scrum meeting?

- Begin outlining rough workflow and architecture diagram ideas and continue refining the MVP feature list for Sprint 1.

What are the hurdles?

- Still trying to balance the MVP scope so the project remains manageable while still including enough core features.

Ahanaf Akif

How many hours did I work since the last meeting?

- 2 hours

What was done since the last scrum meeting?

- Continued discussing authentication requirements and reviewed how user account information may connect with future fitness tracking features.

What is planned to be done until the next scrum meeting?

- Continue refining authentication requirements and help organize possible backend workflow ideas.

What are the hurdles?

- Still deciding how much user profile information should be included in the initial MVP version.

Josue Gamon Fortes

How many hours did I work since the last meeting?

- 1.5 hours

What was done since the last scrum meeting?

- Worked on improving dashboard and navigation layout ideas and reviewed possible user flows for workout and nutrition tracking sections.

What is planned to be done until the next scrum meeting?

- Continue refining wireframes and start organizing more detailed page layouts for the main application sections.

What are the hurdles?

- Trying to keep the overall design organized and user friendly without adding too many unnecessary UI elements early on.

Allen Cruz

How many hours did I work since the last meeting?

- 1.5 hours

What was done since the last scrum meeting?

- Continued discussing project organization with the team and reviewed how different application features may connect together within the planned system structure.

What is planned to be done until the next scrum meeting?

- Help organize future documentation ideas and continue reviewing possible application workflows with the team.

What are the hurdles?

- Still discussing how detailed some planned features should be for the MVP version of the application.
