

## Daily Scrum Meeting Minutes 7 (Sprint 2)

**Attendees:** Alejandro Perez, Ahanaf Akif, Josue Gamon Fortes, Allen Cruz

**Start time:** 4:57 PM

**End time:** 5:23 PM

### Alejandro Perez

- How many hours did I work since the last meeting?
  - 2 hours
- What was done since the last scrum meeting?
  - Continued reviewing architecture planning and discussed how major application modules should be represented within future system diagrams. Also reviewed Sprint 2 priorities and verified that current documentation aligns with the MVP scope established during backlog grooming.
- What is planned to be done until the next scrum meeting?
  - Continue refining architecture documentation and begin organizing a higher-level system overview that can be used in future project deliverables.
- What are the hurdles?
  - Still balancing the amount of detail included in architecture planning while keeping documentation focused on the MVP.

### Ahanaf Akif

- How many hours did I work since the last meeting?
  - 2 hours
- What was done since the last scrum meeting?
  - Continued refining authentication documentation and reviewed possible user account workflows related to registration, login, and profile management.
- What is planned to be done until the next scrum meeting?
  - Continue reviewing authentication requirements and organize additional acceptance criteria for future account-related user stories.

- What are the hurdles?
  - Still determining how much profile customization should be included in the initial version of the application.

### **Josue Gamon Fortes**

- How many hours did I work since the last meeting?
  - 1.5 hours
- What was done since the last scrum meeting?
  - Continued refining wireframe layouts and reviewed how user workflows align with the dashboard, profile, and goal tracking sections.
- What is planned to be done until the next scrum meeting?
  - Continue improving wireframes and begin organizing more detailed layouts for progress tracking and analytics-related pages.
- What are the hurdles?
  - Trying to maintain a consistent user experience while preparing designs that can support future planned features.

### **Allen Cruz**

- How many hours did I work since the last meeting?
  - 1.5 hours
- What was done since the last scrum meeting?
  - Continued reviewing workflow documentation and discussed how future diagrams can better represent feature interactions and user navigation throughout the application.
- What is planned to be done until the next scrum meeting?
  - Continue helping organize workflow documentation and review how future diagrams will connect with architecture planning efforts.
- What are the hurdles?
  - Still evaluating the best way to document workflows while keeping diagrams easy to read and maintain throughout the project lifecycle.
