

Daily Scrum Meeting Minutes 5

Attendees: Alejandro Perez, Ahanaf Akif, Josue Gamon Fortes, Allen Cruz

Start time: 5:04 PM

End time: 5:44 PM

Alejandro Perez

How many hours did I work since the last meeting?

- 2 hours

What was done since the last scrum meeting?

- Continued discussing the overall project architecture with the team and reviewed how the frontend, backend, and database would connect together. Also started organizing ideas for future diagrams and documentation that will be needed later in the semester.

What is planned to be done until the next scrum meeting?

- Continue refining the application structure and begin outlining possible system architecture and workflow diagrams for the project.

What are the hurdles?

- Still narrowing down the exact MVP scope so the architecture stays organized and manageable.

Ahanaf Akif

How many hours did I work since the last meeting?

- 1.5 hours

What was done since the last scrum meeting?

- Reviewed authentication flow ideas and discussed how user data would be stored and managed within the application.

What is planned to be done until the next scrum meeting?

- Continue working on authentication planning and help with database structure discussions.

What are the hurdles?

- Still deciding how detailed the initial user account system should be for the first version of the application.

Josue Gamon Fortes

How many hours did I work since the last meeting?

- 1.5 hours

What was done since the last scrum meeting?

- Continued improving wireframe ideas and discussed different dashboard layouts and user flow designs with the team.

What is planned to be done until the next scrum meeting?

- Start organizing more polished wireframe layouts and continue refining the navigation structure for the application.

What are the hurdles?

- Trying to keep the UI simple enough for the project scope while still making it look modern and user friendly..

Allen Cruz

How many hours did I work since the last meeting?

- 1.5 hours

What was done since the last scrum meeting?

- Worked with the team on discussing project organization and possible feature flow throughout the application..

What is planned to be done until the next scrum meeting?

- Help organize possible application pages and continue reviewing how features will connect together within the system.

What are the hurdles?

- Still discussing the best way to organize application features so future diagrams and documentation remain clear and easy to follow.
