Start time: 4:53 PM

End time: 5:27 PM

Alejandro Perez

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Continued reviewing architecture documentation and discussed how core MVP features should be represented within the implementation roadmap. Also reviewed Sprint 3 priorities and verified that current planning artifacts remain aligned with the project's overall objectives.
- What is planned to be done until the next scrum meeting?
 - Continue refining architecture planning and review how workflow diagrams, system diagrams, and component documentation connect together.
- What are the hurdles?
 - Still evaluating how much detail should be included in planning artifacts without making documentation overly complex.

Ahanaf Akif

- How many hours did I work since the last meeting?
 - 2 hours

- What was done since the last scrum meeting?
 - Continued refining database planning documentation and reviewed how user goals, workouts, and nutrition data may interact within the planned data model.
- What is planned to be done until the next scrum meeting?
 - Continue reviewing entity relationships and organize additional documentation for future feature requirements.
- What are the hurdles?
 - Still discussing how to keep the database structure scalable while maintaining simplicity for the MVP.

Josue Gamon Fortes

- How many hours did I work since the last meeting?
 - 1.5 hours
- What was done since the last scrum meeting?
 - Continued refining wireframes and reviewed how users would navigate between dashboard, workout tracking, nutrition tracking, and goal management sections.
- What is planned to be done until the next scrum meeting?
 - Continue improving wireframes and review additional user flow scenarios to support future design decisions.
- What are the hurdles?
 - Trying to maintain consistency between all planned pages while ensuring navigation remains intuitive and user friendly.

Allen Cruz

- How many hours did I work since the last meeting?
 - 1.5 hours
- What was done since the last scrum meeting?
 - Continued reviewing component planning documentation and discussed how major application modules should interact within the planned architecture.
- What is planned to be done until the next scrum meeting?
 - Continue organizing component-level documentation and review how future implementation activities may be structured.
- What are the hurdles?
 - Still determining the most effective way to document module interactions while keeping planning artifacts organized and easy to update throughout future sprints.
