

Daily Scrum Meeting Minutes 3 (Sprint 2)

Attendees: Alejandro Perez, Ahanaf Akif, Josue Gamon Fortes, Allen Cruz

Start time: 5:01 PM

End time: 5:27 PM

Alejandro Perez

- How many hours did I work since the last meeting?
 - 1.5 hours
- What was done since the last scrum meeting?
 - Continued refining architecture planning and discussed how major system components should be organized within future diagrams. Also reviewed Sprint 2 priorities and updated several backlog items to better reflect the current MVP scope.
- What is planned to be done until the next scrum meeting?
 - Continue outlining architecture documentation and begin identifying the primary workflows that should be represented in future system diagrams.
- What are the hurdles?
 - Still balancing the level of detail needed for architecture documentation while keeping the MVP focused and manageable.

Ahanaf Akif

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Continued reviewing authentication requirements and discussed how user account information, fitness data, and future profile features may be connected within the planned system.
- What is planned to be done until the next scrum meeting?
 - Continue refining authentication documentation and review possible user account workflows with the team

- What are the hurdles?
 - Still determining which profile management features should be considered core MVP functionality.

Josue Gamon Fortes

- How many hours did I work since the last meeting?
 - 1.5 hours
- What was done since the last scrum meeting?
 - Continued improving wireframe concepts and reviewed user navigation flows between the dashboard, workout tracking, nutrition tracking, and profile sections.
- What is planned to be done until the next scrum meeting?
 - Continue refining wireframes and begin organizing more detailed layouts for goal tracking and progress monitoring features.
- What are the hurdles?
 - Trying to maintain consistency between planned pages while ensuring the application remains easy to navigate.

Allen Cruz

- How many hours did I work since the last meeting?
 - 1.5 hours
- What was done since the last scrum meeting?
 - Continued reviewing workflow documentation and discussed possible approaches for representing user interactions and system processes within future diagrams.
- What is planned to be done until the next scrum meeting?
 - Help organize workflow documentation and continue reviewing how planned features and user stories connect throughout the application.
- What are the hurdles?
 - Still determining how much workflow detail should be included in early documentation without making diagrams unnecessarily complex.
