

Daily Scrum Meeting Minutes 2 (Sprint 3)

Attendees: Alejandro Perez, Ahanaf Akif, Josue Gamon Fortes, Allen Cruz

Start time: 4:58 PM

End time: 5:24 PM

Alejandro Perez

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Continued reviewing architecture documentation and discussed how major application modules should interact within the planned system. Also reviewed the Sprint 3 backlog to ensure priorities remain aligned with the MVP roadmap.
- What is planned to be done until the next scrum meeting?
 - Continue refining architecture documentation and begin organizing more detailed implementation planning notes for core application features.
- What are the hurdles?
 - Still balancing long-term scalability considerations with the need to keep the MVP architecture simple.

Ahanaf Akif

- How many hours did I work since the last meeting?
 - 2 hours

- What was done since the last scrum meeting?
 - Continued refining database planning documentation and reviewed relationships between user accounts, workouts, nutrition logs, and goal tracking features.
- What is planned to be done until the next scrum meeting?
 - Continue reviewing database relationships and organize additional documentation for future feature expansion.
- What are the hurdles?
 - Still evaluating how to structure some progress tracking data while maintaining a clean database design.

Josue Gamon Fortes

- How many hours did I work since the last meeting?
 - 1.5 hours
- What was done since the last scrum meeting?
 - Continued refining dashboard and workout tracking wireframes and reviewed user navigation between major application sections.
- What is planned to be done until the next scrum meeting?
 - Continue improving wireframes and review additional user journey scenarios for goal tracking and progress monitoring features.
- What are the hurdles?
 - Trying to maintain consistency across all planned screens while supporting future enhancements.

Allen Cruz

- How many hours did I work since the last meeting?
 - 1.5 hours
- What was done since the last scrum meeting?
 - Continued reviewing project documentation and discussed how component planning can be better organized to support future development activities.
- What is planned to be done until the next scrum meeting?
 - Continue organizing component-level documentation and review how planned modules will interact within the overall system architecture.
- What are the hurdles?
 - Still determining the best level of detail for component planning documents without creating unnecessary complexity.
