

Daily Scrum Meeting Minutes 3 (Sprint 3)

Attendees: Alejandro Perez, Ahanaf Akif, Josue Gamon Fortes, Allen Cruz

Start time: 4:53 PM

End time: 5:27 PM

Alejandro Perez

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Continued refining architecture documentation and reviewed how the major MVP features fit into the overall implementation roadmap. Also discussed future project milestones and how upcoming work should be prioritized.
- What is planned to be done until the next scrum meeting?
 - Continue refining architecture planning and begin organizing more detailed notes for core application modules and feature interactions.
- What are the hurdles?
 - Still determining how detailed the implementation roadmap should be while keeping the project focused on MVP goals.

Ahanaf Akif

- How many hours did I work since the last meeting?
 - 2 hours

- What was done since the last scrum meeting?
 - Continued reviewing database planning documentation and discussed how future fitness tracking features may impact the current entity relationships.
- What is planned to be done until the next scrum meeting?
 - Continue refining database planning and review possible adjustments to support future analytics and progress tracking features.
- What are the hurdles?
 - Still evaluating how to organize certain data relationships without making the database structure overly complex.

Josue Gamon Fortes

- How many hours did I work since the last meeting?
 - 1.5 hours
- What was done since the last scrum meeting?
 - Continued refining wireframes and reviewed user navigation paths between workout tracking, nutrition tracking, goal management, and profile sections.
- What is planned to be done until the next scrum meeting?
 - Continue improving wireframe consistency and review additional user journey scenarios to support future design decisions.
- What are the hurdles?
 - Trying to balance simplicity and usability while planning layouts that can support future application growth.

Allen Cruz

- How many hours did I work since the last meeting?
 - 1.5 hours

- What was done since the last scrum meeting?
 - Continued reviewing component planning documentation and discussed how application modules should be organized within the overall system architecture.

- What is planned to be done until the next scrum meeting?
 - Continue organizing component documentation and review how planned modules will support future implementation activities.

- What are the hurdles?
 - Still determining the best way to document module interactions while keeping planning artifacts organized and easy to maintain.
